

CONFUSED

(Music: nangoo / DT - Lyrics: DT / nangoo)

Where are the angels?
Why they're gone?
Feeling helpless
I don't know, what I have done

Yes, I miss them
Why and where did they go?
Yesterday everything was fine with me

**For quite a while I'm standing here
Only demons won't disappear**

Where are the angels?
Have you seen them?
I feel out of place
And I wish I had a pair of wings

Forever and a day
Ain't no glory, there's no beauty
Without their ray of light

My mind's confused

Who'll rescue me?
Yesterday everything was fine with me

Yes, I've made mistakes before
My world is in their hands
